

Overview of Legislative Tracking Activities

I. Select bills to be tracked

- A. Legislation will be checked daily Monday – Friday using LOLA and updates will be posted on legislative tracking website.
- B. Question for ADDPC: What criteria should Morrison use to select the legislation?

II. Update legislation throughout session

- A. Morrison Institute will author weekly status updates to the bills throughout the legislative session. They will include bill status and a brief description of the bill.
- B. *Question for ADDPC:* Will the updates we make to the legislative tracking website be different than the messages we draft for electronic distribution? E.g. How should we structure these updates to be shared via social media/list serv by ADDPC?
- C. *Question for ADDPC:* Should ADDPC prioritize the bills that are tracked? The volume of bills introduced may require some prioritization.

III. Attend committee meetings

- As important legislative meetings are scheduled, Morrison Institute will attend and summarize the discussion. Highlights of these meetings can be included on legislative tracking website.

IV. Develop position statements as needed

- Position statements can be developed in response to bills that ADDPC prioritizes. ADDPC will need to identify the position statements that Morrison will need to create.

V. Pre-Session Activities??
